③ Buddhism - Developed on teachings of Gautam Buddha. Patronised by many kings like Mauryas (Ashoka), Kanishka (Kushana) etc.

मध्यकाल में भक्ति आंदोलन के प्रमुख विशेषताओं पर चर्चा कीजिए। साथ ही भारत में क्षेत्रीय भाषाओं के विकास में इसकी भूमिका पर भी चर्चा कीजिए।

Bhakti movement were a revolutionary phase for the development of spirituality among the common masses.

Characteristics -

1. It emphasised on the concept of personal devotion to one chosen god.
2. Did not contain any elaborate rituals which would have required the presence of a priestly class.
3. Was regional in nature as several nucleus centers developed all over India.
4. Social Upliftment - since they involved participation of people

from the highest to the lowest castes & classes.

(5) Women empowerment - since even women could participate and achieve spiritual upliftment eg - women saints like Mirabai who rebelled against the stratified society.

Contributions of Bhakti Movement

(1) Development of Regional languages

As now people did not need any hereditary class like Brahmins and Mantris who knew their classical religious languages like Sanskrit & Arabic.

Also, several local saints emerged eg - Tukaram in Maharashtra wrote in Marathi & Tulsi Das who wrote in Awadhi & Khadi Boli

helped in development of the respective regional languages.

(2) Women Empowerment - as now saints like Mirabai would compose Bhajans and Kirtans in vernacular.

(3) Improved the self respect among the down trodden sections who earlier were ignored and could not achieve liberation spiritually would now speak and show love to a personal deity.

Hence, Bhakti movement changed the socio-cultural landscape of India & rejuvenated the spiritual and cultural traditions.

5. With examples of contribution of various rulers, discuss the evolution of Mughal architecture in India.
विभिन्न शासकों के योगदान का उदाहरण प्रस्तुत करते हुए, भारत में मुगल स्थापत्य कला के विकास पर चर्चा कीजिए

Mughals were considered the pioneers of Indo-Islamic architecture due to their patronage and love for art and their ability to fuse Indian traditions with Islamic & Persian elements.

Some of the most important rulers & their contributions are-

① Babur - who came from Central Asia (Farghana Valley) fused several elements like the dome and arch in the mosques that were built in his time.

② Humayun - was engaged in wars to control his empire

and had to escape to Persia for protection when he came he brought with him the Persian style.

3) Akbar - was known for his great love of architecture visible in construction of Fatehpur Sikri where he introduced the Tudor Arch. and huge gateways like the Buland Darwaza.

6. Give an account of the Greco-Buddhist art that developed in different parts of India

भारत के विभिन्न भागों में विकसित हुई यूनानी-बौद्ध कला का विवरण दीजिए।

Buddhism as a religion became very very popular after the death of Buddha and spread far and wide and even reached the western and Central Asian regions.

This led to the development of unique Greco-Buddhist art due to fusion of the Hellenistic elements with the Indian elements.

⇒ The foremost school that developed in this tradition was the Gandhara School, which developed around the present Pakistan-Afghanistan belt.

Don'write anything this margin (इस हाशिये में कुछ नहीं लिखें)

② Eyes were half-closed.

③ Body was shown with muscles & veins.

④ Less clothing and curly-wavy hair.

⑤ Serious & Philosophical postures

The main centers where it developed included Taxila & other western regions but soon it spread its influence to the sculptures & statues in other parts of Indian sub-continent.

The Greco-Buddhist art was patronised by rulers like Kanishka & Kushanas dynasty who were new to the fold of Buddhism.

These were considered as the epitome of Mahayana Buddhist e.g. - Bamiyan Buddha in the Afghanistan.

Hence, it is clear how deep and glorious was the impact of Greco-Buddhist Art.

7. Provide a description of Kanishka as a generous patron of art as well as learning and literature.
कला के साथ-साथ विद्या और साहित्य के उदार संरक्षक के रूप में कनिष्क का वर्णन कीजिए।

प्राचीन भारत में जैन धर्म और बौद्ध धर्म के उद्भव का मार्ग प्रशस्त करने वाले कारकों का विवरण दीजिए। साथ ही, उनकी मौलिक शिक्षाओं पर भी प्रकाश डालिए।

In ancient India, the schools of Jainism & Buddhism are considered as the Shramanic Traditions which came up as a result of the priestly domination in Vedic hinduism which led to the rise of discrimination.

*Some factors for the rise of Buddhism & Jainism are.

(1) Rituals - the Vedic hinduism due to its large number of rituals required the priestly assistance. This led to the alienation of the lower sections of the society.

(2) Discrimination - with the transformation of the

Varna system in the Caste system (Jati system), the people were stratified on the basis of their birth and hence, discrimination started.

(3) Teachings of Buddhism & Jainism emphasised the need of toiling in the spiritual aspects and even allowed the discriminated sections to achieve Nirvana & Keval Jnana.

(4) Sanghas & Company of fellow Preachers - These traditions emphasised on the importance of company (sangha) & hence, people of different socio-economic standing came together.

9. Colonialism in India gained foothold in distinct stages with debilitating impact on the indian economy. Discuss.
भारतीय अर्थव्यवस्था को प्रतिकूल रूप से प्रभावित करते हुए भारत में उपनिवेशवाद ने विभिन्न चरणों में अपना आधार मजबूत किया। चर्चा कीजिए।

Colonialism was not an overnight project but rather a gradual process with its various stages that crippled the Indian Economy and as a result disrupted the whole socio-economic fabric of India.

Stages of Colonialism

(1) Mercantilism - when the East India Company arrived in the 1600s as a trading enterprise. Its emphasis was on -

(i) Extracting maximum Profits.

(ii) Gaining maximum concessions - eg. - Golden Farman

(iii) Safeguarding its interests against other rival European companies.

(2) Colonialism Starts:- with the rise in the Economic status of the company due to-
(i) Trade Monopoly with India.
(ii) Misuse of the Dastak rights.
(iii) Strong army and navy which thwarted minor opponents.

(3) Diwani Rights:- after the Battle of Plassey (1757) & Battle of Buxar (1764), the British ruled as the "humble servants of the Emperor". They had gained the Revenue rights and this resulted in loss of Revenue to the ~~Emperor~~ Nawab which resulted into-
(i) Loss of Patronage for local Artisans.

(ii) Loss of Purchasing Power of the local population

(4) Crown Rule – After the 1857 Revolt, there was an open and unhindered loot. With charges like the Home Charges including payment of salaries, pensions as well as the –

- Unilateral Free Trade.
- Dumping of British Factory Goods.
- Barrier in Indian Exports.
- Destruction of Agriculture as it was subsistence based & forced in Plantation.

Hence, Britis completely sucked out the Indian Economy and crippled the country in Poverty.

10. The Swarajists played a crucial role in the nationalist movement, but they had their own limitations. Discuss.
स्वराजियों ने राष्ट्रवादी आंदोलन में महत्वपूर्ण भूमिका निभाई लेकिन उनकी अपनी सीमाएँ थीं। चर्चा कीजिए।

The Swarajists played a prominent role in the National movement and completely changed the nature of struggle from that of Political inactivity to a movement with People's Participation.

Characteristics & Contributions

(1) The Swarajists demanded that British should give them their rights through more aggressive means like -
(i) Passive Resistance.
(ii) Strikes & Hartals.
(iii) Boycott of Foreign Goods.
(iv) Use of Swadeshi or local Indian Goods.

(2) These included leaders like the 'Garam Dal' also a name for Lal - Bal - Pal.

(3) Believed that British were here to exploit and not civilise India.

(4) Derided the moderate methods as the "Political Mendicancy".

(5) Believed in the ability of the masses to uproot the foreign rule & establish Swaraj of Indians.

But, they were also faced with some limitations like-

(1) Moderates were widely respected and held dominant positions in the Indian National Congress (INC). eg - The leaders like Dadabhai Naoroji

and GK Gokhale.

(2) The British had wide constitu-tional & administrative machinery to easily suppress the aggressive methods of Swarajists.

(3) They also did not have a clear plan to how to convert the small movements into an organised movement.

Hence, it can be said that Swarajist were a key pillar of the National Movement but due to their lack of proper organi-sation & plan, they could not achieve much. Also, Britisher used Council Reforms as a tool to weaken the movement as resulted in the 1907 Surat Split.

11. Highlight the major weaknesses and reasons behind the decline of Later Mughals.
उत्तरकालीन मुगलों की प्रमुख कमजोरियों और उनके पतन के लिए उत्तरदायी कारणों पर प्रकाश डालिए

The Mughal Empire had been the envy for the world empires. But after the death of Aurangzeb, & the political weakness of later Mughals, it collapsed to doom.

Some later Mughals were mere just for the name sake. eg.- The Marathas held the emperor under their protection in 1772.

*Causes of the Weakness & Decline:-

① Court Politics. - after Aurangzeb's death, the court politics overpowered the emperors. eg.- The Sayyid Brothers were called the Kingmakers due to the influence they enjoyed.

② Weak Economy :- After the Deccan wars by Aurangzeb, the Mughal coffers were almost empty & hence, the empire started to weaken. The sources of revenue declined with the disintegration of the empire.

③ Rise of Other Powers :- e.g. Rise of the Marathas under the Peshwas - and the British getting hold of the Diwani Rights in Bengal.

④ Disintegration into Successor states :- e.g. Under Muhammad Shah Rangila, states like Hyderabad (the most affluent of all provinces) broke away and established the independent rule under the Nizam.

(5) Legitimacy - was lost due to the later policies of Bhadur Shah Zafar, where he tried to interrupt with the Rajputs and ~~Sharit~~ later Mughals were no match to the Marathas.

Also, the Later Mughals started losing allies due to the lack of power and their policies towards trusted allies like Rajputs, which alienated them.

Hence, later Mughals due to their political weaknesses, indulgent & lavish lifestyle & economic downfall led to the doom of the Mughal Empire.

12. dent fying the soc al and religious evi s prevalent in 19th century India, explain how the soc al reform movements sought to eradicate them.
19वीं सदी के भारत में व्याप्त सामाजिक और धार्मिक कुरीतियों की पहचान करते हुए, स्पष्ट कीजिए कि कैसे समाज सुधार आंदोलनों ने इन समस्याओं का समाधान किया।

The 18th and the 19th century saw a rise of social-cultural reforms movements due to the knowledge about modernity reaching the common people as well as the irrational and superstitious practices of the various 2 political heads.

Some evils during the 19th & 20th century were:-

(1) Caste based Discrimination which ultimately metamorphosed into untouchability on the irrational basis of ritual purity and pollution.

(2) Widow Remarriage was considered as a taboo.

and it was expected that the widow should commit sati.

(3) Sati :- the burning of the widow with her husband's pyre. It was a horrifying practice later abolished by the work of enlightened Indians like Raja Ram Mohan Roy.

(4) Child marriage - Swami Dayanand and others lamented that "Indians are the children of children".

(5) Superstitions & Obscurantist beliefs - like the Tantric Practices, Tabiz & amulet use led to general degradation of rationality.

These were then overcome by a continuous & hard effort of great enlightened people

like -

① Raja Ram Mohan Roy - who was a crusader against Sati and other practices which affected society negatively.

② Satyashodhak Samaj - by Jyotiba Phule, who emphasised on education of the downtrodden.

③ Ishwarchand Vidyasagar - who worked for widow remarriage and women education.

④ Pandita Ramabai - who established the Mahila Arya Samaj for the upliftment & education of women

hence, Indian socied accepted the ~~[illegible]~~ problems of social evils and tried to improve & reform for a better future.

13 Provide an account of the role played by India's capitalist class during the Indian National Movement.
भारतीय राष्ट्रीय आंदोलन के दौरान भारत के पूँजीपति वर्ग द्वारा निभाई गई भूमिका का विवरण प्रदान कीजिए।

The Indian National Movement was not just a movement of any single class but a result of the effort of many different sections of the society.

Initially, the capitalist class was hesitant to support any mass movement (people) due to —

① Fear of revolution & Revolutionary upheaval of their interest. eg. - Due to use of socialism & communism

② The Government had the power to cut their supply lines for raw materials as well as for the finished goods eg. Railways & Ports,

(3) They were also concerned about the rising trade-unionism e.g. - the rise of AITUC by leaders like Joshi.

But soon, the capitalist class realised the importance of the support of common people as well as the continuously changing policies of the government and started to get involved in the Indian National Movement.

(1) Swadeshi Movement - Saw the participation of the capitalist class due to the mass boycott of the foreign goods. This encouraged them to patronise and fundmate the National Movement.

(2) After the world wars, the capitalists lost a big market.

in the European Markets & the American demand for cotton this further pushed them towards the movement.

(3) Prominent Business families like the Parsis - Tata's, etc were fervent nationalists who wanted to uplift the Indian Economy and hence participated in movement as well as helped in establishing the Indian Industrial base e.g. The establishment of TISCO as well as the Bombay.

Hence, it is clear that the Capitalist classes played a crucial role in the movement for Independence and provided it with the necessary help.

14. Throw light on the role played by Bal Gangadhar Tilak in India's freedom struggle.
भारत के स्वतंत्रता संघर्ष में बाल गंगाधर तिलक द्वारा निभाई गई भूमिका पर प्रकाश डालिए

Bal Gangadhar Tilak was one of the foremost nationalist leaders known for his mass appeal and hence, he got the title of Lokmanya.

Role Played by Tilak.

① Cultural Mobilization - Tilak used to promote a sense of confidence among the masses by imparting use of traditional symbols like Ganesh Chaturthi and Shivaji Festivals.

② Organisation of Swarajists.
He was one of the foremost extremists leaders & known as the 'Bal' of the "Garam Dal"

Don't write anything in this margin

(3) Exposed the British Raj. He told that British aimed only to exploit India & not uplift it. He spread his revolutionary ideas in both Marathi & English through papers like Mahratta & Kesari.

(4) Home Rule:- He started the Home Rule League in 1915-16 and inspired the ideals of an Indian sovereign rule based on the "Irish Home Rule." along with contemporary work of Annie Besant's Home Rule League.

(5) Inspired many Nationalists:- like the Chapekar Brothers who murdered a British official accused of corruption.

His ideas of Swaraj and his famous slogan that "Swaraj is my Birth Right & I shall have it" raised the revolutionary zeal among the masses.
He believed in the ability of the masses to shake the very foundations of British rule.
He himself sacrificed a lot by serve to the jail multiple times and also inspired the idea of Swadeshi and Boycott.

15 How did the Moderates and Extremists differ in their ideology methods and goals during the Indian National Movement?
भारतीय राष्ट्रीय आंदोलन के दौरान नरमपंथियों और गरमपंथियों की विचारधारा, पद्धतियां और लक्ष्य कैसे एक-दूसरे से भिन्न थीं?

The Indian National Congress (INC) had been a huge body with many different socio-ideological grouping two of the most prominent of which includes the Extremists & the Moderates.

Characteristics of the Moderates

① Believed in the constitutional methods of struggle through Prayers, petitions and debates.

② Believed in the "noble intentions" of the British rule. They only doubted their capacity to modernise Indian & not their intentions.

(3) Included highly respected leaders like - G.K. Gokhale, Pherozshah Mehta, DadaBhai Naoroji.

(4) Did not believe in the capacity of the masses.

• Characteristics of Extremists.

(1) Believed in the extraconstitutional means like boycott, passive resistance, etc.

(2) Disillusioned with the British rule, they said that British rule not is modernise but to exploit the Indian resources.

(3) Included popular leaders like
- Bal Gangadhar Tilak.
- Bipin Chandra Pal, etc.

(4) Believed in the ability of the masses. They wanted

the movement to be a people's movement.

⇒ The Extremists considered the methods of the Moderates to be 'Political Mendicancy'.

⇒ The Moderates aimed for a dominion status under the British Crown but the extremist believed in 'Swaraj' for the Indian People.

⇒ Moderates did not organise mass movements & tried to negotiate with the British while the Extremists utilized the ability of masses to —

(i) Boycott Foreign Goods.
(ii) Use Swadeshi Goods.
(iii) Passive Resistance & Protests

However, both camps played an important role in India's freedom.

16. The Swadesh Movement is considered as a watershed moment in India's freedom struggle Discuss
स्वदेशी आंदोलन को भारत के स्वतंत्रता संघर्ष में एक निर्णायक क्षण माना जाता है। चर्चा कीजिए।

Swadeshi movement was indeed a watershed moment in the Indian Struggle for Independence. It was a direct conclusion of a long chain of events that finally precipitated in what we call as Swadeshi Movement.

Causes of the Movement.

① Partition of Bengal in 1905 due to the machiavellian tactics of Lord Curzon who considered the unity of Bengal as a threat.

② Economic Problems - due to the unilateral free Trade policy of the British and the continuous Pauperization of the

Do not write anything this margin इस भाग में कुछ न लिखें

Artisans and high rates of unemployment and losses to Indian interests

(3) Leadership:- after the rise of the Extremist faction of the INC and the fading of moderate methods, leaders like Tilak, etc who popularised the Indian made goods and appealed to the masses to not use the British made factory (goods).

(4) A sense of unity developed in the people. They tied Rakhis to show their unity & solidarity and took baths in the Ganga.

The Swadeshi Movement for the first time organised the masses and united them despite the

British intentions to divide them on the lines of

- Religion
  - Bengalis.
  - Assamese
  - Biharis
  - Odia.
- ~~Language~~ Religion
  - Hindus
  - Muslims.
- Geography
  - East Bengal
  - West Bengal.

The movement was so powerful that the British had to revert the partition of Bengal in 1911

Also, the capital had to be shifted to Delhi from Kolkata. due to the rising revolutionary zeal in the people.

Hence, Swadeshi movement completely transformed the Indian National movement.

17 Explaining the reasons for adoption of the policy of appeasement, highlight its role in the rise of fascist powers in the events preceding World War II
तुष्टीकरण की नीति अपनाने के कारणों को स्पष्ट करते हुए, द्वितीय विश्व युद्ध से पूर्व की घटनाओं में फासीवादी शक्तियों के उदय में इसकी भूमिका पर प्रकाश डालिए।

The policy of appeasement proved to be the ultimate disaster for the appeasers. It resulted into a full blown war between the fascists and the Allies.

- Reasons for Policy of Appeasement.

① Communism as a Threat. - The western powers saw USSR & communism as their biggest Enemy. They wanted to any-way remove USSR and the rise of communism by freely the rise of the fascists in Germany, Italy etc.

② Policy of Ring Fence - was adopted by the western Power in which.

they believed that the rising fascists would automatically placate the communists.

Rise of Fascists

(1) The Western powers ignored the annexation of Poland and Czechoslovakia by the German fascists despite being a direct contravention of Versailles Treaty.

(2) They even let Germany rise their military & air force capabilities.

(3) Suddenly, the German Fascists signed a Treaty of Non-Aggression with the USSR.

(4) This took the Western powers by surprise, but by this time, the German & Italian fascists had strengthened their footholds.

This ultimately led to the invasion of France and other Western European countries by the fascists in the form of "Blitzkrieg" which completely surprised the UK, France & their allies.

Hence, the appeasement of the fascists ultimately led to a direct threat to Western Powers & concluded with World War 2.

वर्ष 1917 में रूस में अक्टूबर क्रांति का मार्ग प्रशस्त करने वाली सामाजिक और राजनीतिक परिस्थितियों का वर्णन कीजिए।

The Social & Political Conditions of Russia were most explosive and suitable for a Revolution. This was due to—

(1) Czarist Regime - which was only concerned for the wellbeing & luxurious lifestyle of the Czar & his family. While they enjoyed all the best of life, the Russian peasants were dying of hunger & famine.

(2) Autocratic Rule - of the Czar and the advisor Rasputin, who arbitrarily exercised their powers on the people and levied unjustified Taxation.

(3) Agrarian Crisis:- While other European powers were undergoing industrialization & a complete modernization, the Czarist regime still propagated feudalism. This lowered agricultural productivity which was due to-

(A) Lack of Investment in Agriculture.
(B) Primitive methods.
(C) Lack of industries.
(D) Food Insecurity & Poverty.
(E) Unemployment.

All these unjustified hardships for the public led to a vitiating discontent in the masses. Several previous events were also here which had given signs for an upcoming revolution.

like the confrontations in the 1904 & 1905.
Slowly, the People realized that the only way out was the complete overthrow of the Czarist Monarchy & led to the Revolution of 1917 in October.

19. Explaining the term Non-alignment, discuss the rationale behind its adoption in the post colonial era.
गुटनिरपेक्षता शब्द की व्याख्या करते हुए उत्तर-औपनिवेशिक युग में इसके अपनाकरण के पीछे निहित तर्कों की विवेचना कीजिए।

When the world was being divided in a binary manner into two blocs of pro-capitalism & pro-western vs the pro-Communism & pro-USSR, some newly independent nations came up with a revolutionary concept of Non-Alignment during the Cold war.

Non-Alignment refers to the maintenance of strategic & geopolitical autonomy by not siding with any one block

(2) India & newly independent colonies like Egypt, Indonesia, Yugoslavia, etc pioneered the

Non Aligned Movement.

③ It was organised first time in Belgrade, Yugoslavia.

⇒ Rationale Behind the NAM.

① The newly independent colonies did not want to engage in any new conflict that would drain their resources.

② They wanted to focus on reconstruction & restructuring their political economies.

③ Both the blocs included imperial powers who wanted to establish their hegemony in the bipolar world

④ Taking sides would have categorised the other 2 could be detrimental to the newly independent state

Hence, the countries like India, Indonesia with their leaders like Nehru, Sukarno, Nasser etc. came together to define their national interests.

They did not want any engagement with any imperial power whose main motive was exploitation of their sovereignty.

[illegible] was very important [illegible] they had for [illegible] other members

VISION IAS™

20. Bring out the differences between colonialism and imperialism, with suitable examples.

उपयुक्त उदाहरणों के साथ, उपनिवेशवाद और साम्राज्यवाद के मध्य अंतर बताइए।

Both colonialism & imperialism are tools through which a strong country tries to exert political, economic and cultural pressures on another country to fulfil and satisfy its own national interests.

Though both terms are used interchangeably in the contemporary age but they are different in various aspects

① Economic - While colonialism is a strongly economical concern, imperialism is more aligned to political power. A colonial power will try to extract out more & more resources in order to fulfil

its economic conditions.
e.g. – India was a British colony and the British exploited India by –
(i) Unilateral Free Trade.
(ii) Extraction of Raw Material
e.g. – Cotton, Timber, etc
(iii) Goods of England had a huge market in India.

2) Political – While an imperial power is more concerned about its political interest in a country, i.e. – Imperial rule of Japan forced all its territories to accept the emperor as their sovereign. All their occupied territories were politically controlled by the mother country.
Whilst, colonies like India had some political autonomy and could ask for and

achieve a dominion status underwhich they would be ruled by local rulers who had to accept the suzeranity of the British Crown.

Hence, though both are closely related concepts but are used interchangibly. Both have been the tools of imperial forces to subjugate and exploit the other countries to fulfil selfish national interests.

18. Despite the benefits of wider representation of women in the judiciary, Indian courts have significantly fewer women as compared to men. Discuss. Also, suggest some measures to bridge the gender gap in Indian judiciary. (250 words) 15

न्यायपालिका में महिलाओं के व्यापक प्रतिनिधित्व के लाभों के बावजूद, भारतीय न्यायालयों में पुरुषों की तुलना में महिलाओं की संख्या काफी कम है। चर्चा कीजिए। साथ ही, भारतीय न्यायपालिका में लैंगिक अंतराल को कम करने के लिए कुछ उपायों का सुझाव दीजिए।

As per National Judicial Data Grid (NJDG) only around 11% women in district courts are judges. Similarly, women make-up hardly 8-10% of high court judges. This shows the dismal position of women representation in the Judiciary.

Benefits of wider Women Representation

- Gender Perspective
- Inclusivity
- Women will feel safe & represented
- Better understanding of women issues

Causes of fewer women in Judiciary.

① Strict criteria to be selected for State judicial service
↳ minimum 7 years of experience & within 35 years.
↳ Difficult for women during pregnancy & child birth.

② In higher judiciary, lack of women representation in the collegium

③ As per Supreme Court, in lower judiciary women do not even have separate toilets.

④ Poor women representation at the Bar.

⑤ Poor infrastructure and unsafe working conditions.

⑥ Lack of protection to judges at lower levels.

Measures to bridge the gaps in Indian Judiciary.

① Modifying the minimum experience and age criteria.

② Promoting better infrastructure like separate toilets, separate Chambers, etc as per the Supreme court.

③ Ensure protection to lower courts judges.

④ Collegium must recruit more women.
(e) As was done by the CJI NV Ramanna.

⑤ Ensure a women is represented at collegium.

⑥ Affirmative Action policies.

Thus, an inclusive and diverse judiciary would ensure a more just and humane criminal justice system.

19. Elaborate on the fundamental aspects in which the Indian Constitution differed from its contemporaries despite being a post-colonial document. (250 words) 15

उत्तर-औपनिवेशिक दस्तावेज होने के बावजूद भारतीय संविधान के उन मूलभूत पहलुओं का सविस्तार वर्णन कीजिए, जिनके संदर्भ में यह अपने समकालीन संविधानों से भिन्न था।

Indian Constitution was ransacked from all the world's constitutions but was accordingly modified for unique Indian conditions as per Dr Ambedkar. Despite being post colonial document it had progressive ideals.

Differences in fundamental Aspects from its contemporaries

① Adopted a secular approach while contemporaries took up religious basis.
(eg) Pakistan became an Islamic Republic.

② Adopted Republicanism while our colonizers were constitutional

monarchies.

(3) Adopted universal adult suffrage despite high illiteracy and poverty. (Article-326) while other nations gave women representation even later. (eg) In UK.

(4) Focussed on planned economic model.

(5) Affirmative Action policies had aimed to correct historical injustices.

(6) Provided a federal character and tilt towards further decentralization.
↳ (eg) DPSP Article-40 on Panchayats.

(7) Protection of minorities and

unique cultural practices.
(eg) Article- 25 to 28.

(8) Enshrined protection to vulnerable and marginalized groups.
(eg) Schedule - 6th & Schedule 5th to protect tribal autonomy and culture.
while other contemporaries like Brazil discarded them.

(9) Adopted a culture of Unity in Diversity (eg) No national language while contemporaries like Pakistan imposed Urdu. & led to its disintegration.

Thus, Indian Constitution is the most robust yet flexible document that has protected the rights of people and at the same time allowed

progressive actions (eg) Land Reforms - (9th Schedule).

20. The tribunalisation of justice though considered to be an effective step is fraught with several challenges. Discuss in light of the Law Commission of India's report on the working of tribunals in India. (250 words) 15

हालांकि, न्याय के ट्रिब्यूनलीकरण को एक प्रभावी कदम माना जाता है, लेकिन इसमें कई चुनौतियां भी विद्यमान हैं। भारत में अधिकरणों की कार्यपद्धति पर भारत के विधि आयोग की रिपोर्ट के आलोक में चर्चा कीजिए।

Tribunals ensure that justice is done by subject experts as well as helps reduce burden on courts. They are provided in the constitution under Article - 323A & 323B from the 42nd constitutional Amendment.

Benefits and Effectiveness of Tribunals.

decision making by subject experts. (eg) NGT.

(3) Low fees and burden.

(eg) Central Administrative tribunal.

(5) Provide for appeals to high court & supreme court. (L Chandra Kumar Case, 1997)

(6) Can be set up as per needs and demands by center (323A) & States (323B).

But, Law Commission had highlighted multiple issues in its recent reports that have affected tribunals. as-

(1) Non-uniform structure of tribunals.

(2) Non-uniform service conditions of members.

(3) Expert members are usually retired bureaucrats.
→ parking lot for retired bureaucrats.

(4) Lack of proper diversity of members.
(eg) Should be found by search cum selection committee headed by Cabinet Secretary.

(5) High number of vacancies.

(6) Large number of pending cases.

(7) Appeals to higher courts defeats their purpose.

Thus, government has decided to overhaul tribunals and close down redundant

tribunals. (eg) FCAT. Also, it is planning to bring out a bill in this regard.
